Dear: Ms. Danielle Dubois

Just wanted to write you and let you know how impressed I am with the work that you have done for myself and Headwater Insurance Service. The website that you have designed for my company looks and works great!

Here are some reasons I will be recommending you to others:

1. In our first consultation you picked out the problems with our website, came up with some great suggestions and developed a plan for completion.
2. Once the plan was in place you followed up on a regular basis and stuck to time lines.
3. You were patient in dealings with my old website designer and with my head office.
4. The end product looks great and works in a timeline that I thought website design companies couldn't follow.

Thank you, so much for giving Headwaters Insurance a new web face for 2007 and I am looking forward to using you for other projects in the coming year.

Yours truly,

Christopher T. Parkinson, RIBO, CIP, CAIB
